To help promote the new Marantz 30 Series products, Sound United has partnered with VMP (www.vinylmeplease.com) to provide two volumes of high-resolution, downloadable music for anyone who purchases and registers a Marantz MODEL 30 or SACD 30n.

In addition to this downloadable promotion, the first 50 American consumers who purchase and register MODEL 30 will receive a limited edition, hand-numbered, 180gm, four-record vinyl set of the same tracks. Likewise, the first 50 American consumers who purchase and register SACD 30n will receive an SACD of the same tracks.

Collection Overview

Explorations in Sound, Volumes 1 & 2

Yoshinori Ogata, Marantz Sound Master

Dave Longstreth, Dirty Projectors

This two-volume collection – *Explorations in Sound* – is intended to help Marantz listeners become more savvy connoisseurs of music.

Volume 1 of the two-volume set was curated by Yoshinori Ogata, the Marantz Sound Master, consisting of tracks he uses when tuning Marantz products in his listening lab. The liner notes that go with this Volume 1 feature Ogata-san explaining what he listens for in each track so listeners can learn to Listen Like a Sound Master.

Volume 2 was co-curated by VMP Co-Founder Cameron Schaefer and Dave Longstreth, songwriter, producer and band leader of the critically-acclaimed indie rock group, Dirty Projectors. These tracks were chosen for the style and quality of production and to showcase less traditional contemporary and emerging artists who are crafting sounds that truly shine on a high-quality hi-fi system.

How the Promotion Works

After purchasing MODEL 30 or SACD 30n, a consumer must register the product on the Marantz.com promotional registration page. **Eligible consumers can register at www.us.marantz.com/en-us/30-series-product-registration.**

Sound United will send a registration confirmation email to the consumer. This email will include a link to the high-resolution download site and the consumer's one-time-use unlock code. The consumer can visit the download site, and initiate the download. Files will be available in FLAC 192kHz / 24-bit.

For those consumers who are one of the first 50 registrants of MODEL 30 and SACD 30n, Sound United will pass their shipping information to VMP. When the record and SACD become available, VMP will ship the music direct to the registered consumer.
