

SAVE \$1,000

On Any Qualifying
Kaleidescape System

\$1,000 off with bundle purchase of any of the following Kleidscape systems & Sony's VPL-VW325ES & up, XR-75Z9J, XR-83A90J, XR-85Z9J, or X100X92

**YOUR ULTIMATE 4K HDR EXPERIENCE
BEGINS AT THE SOURCE**

Delivering reference-quality movies at the source, Kaleidescape optimizes for the highest resolution, dynamic range, and contrast capabilities of high-end Sony projectors and TVs. For a limited time, purchase any Sony projector or TV priced over \$4,995 and receive \$1,000 off MSRP on any qualifying Kaleidescape system.

kaleidescape + **SONY**

PIXEL PERFECT, MAXIMUM BRIGHTNESS

Take advantage of every lumen with pixel-perfect playback. Kaleidescape curates movies directly from their studio masters, unlocking up to 4x the video bitrate and 10x the audio quality of streaming. Why feed your Sony projector with anything less?

Along with over 13,000 movies, TV series, and concerts available from within its industry-leading movie store, Kaleidescape uses proprietary metadata to enable integration with home automation systems. With controls for adjustable shades, lighting themes and screen masking, Kaleidescape also activates your Sony projector to display every movie in its native aspect ratio, going far beyond any streamer to deliver a purely cinematic experience at an unprecedented level of convenience and quality.

COMPACT TERRA

The new award-winning compact Terra is available in 18TB or 12TB capacities, and supports up to 5 simultaneous 4K playbacks with no loss in quality.
