SR8015 11.2CH NETWORK 8K AV AMPLIFIER Black, Silver-Gold	**CINEMA 40** 9.4CH NETWORK 8K AV AMPLIFIER Black	**CINEMA 50** 9.4CH NETWORK 8K AV AMPLIFIER Black	**CINEMA 60** 7.2CH NETWORK 8K AV RECEIVER Black	**CINEMA 70s** 7.2CH SLIM 8K NETWORK AV RECEIVER Black

MAIN FEATURES

FEATURES VS. CINEMA 40	STEP-UP FEATURES VS. CINEMA 50	STEP-UP FEATURES VS. CINEMA 60		STEP-UP FEATURES VS. NR1510
• 205W x 11ch (6 ohms, 1%, 1ch driven) • 13.2ch processing by 2x Griffin Lite DSP • DTS:X up to 11ch • Dolby Atmos (5.1.2, 5.1.4, 7.1.2, 7.1.4, 7.1.6*) • Auro-3D, Auromatic (up to 13ch*) • Single board per channel power amplifier design • Centrally mounted, oversized toroidal transformer • Copper-plated chassis • Heavy chassis construction adding extra stability • Top lid with vertical lines minimizing vibration • Advanced remote: Pre-programmed, learning function, LCD-Display	• 200W x 9ch (6 ohms, 1%, 1ch driven) • Single board per channel power amplifier design • Porthole display and large trap door design • Hidden 2-line full-size display • Full setup and control via front panel buttons • Advanced audio components • Zone 3 pre-outs • Made in Japan	• 185W x 9ch (6 ohms, 1%, 1ch driven) • 11.4ch processing, 11.4ch pre-out • 4x independent subwoofer outputs • Griffin Lite XP DSP • DTS:X up to 11ch* • Auro-3D, Auromatic • IMAX Enhanced • Dolby Atmos (5.1.2, 5.1.4, 7.1.2, 7.1.4*) • Advanced Pre-Amplifier Mode • 6 HDMI inputs - all 8K / 3 HDMI outputs (2 main + zone 2 out) • Audyssey MultEQ XT32, LFC, Sub EQ HT, Audyssey Dynamic Volume and Dynamic EQ • Dirac Live (by update, licence required) • Digital to Zone 2 out including HDMI source • Gold plated terminals • 11ch speaker terminals • Aluminum front panel and small trapdoor design • Extruded Aluminum Heat Sink • Clock Jitter Reducer (Hybrid PLL)	• 180W x 7ch (6 ohms, 1%, 1ch driven) • High quality discrete power amplifier for powerful and detailed sound • Current Feedback and Marantz HDAM • Dolby Atmos (up to 5.1.2), DTS:X • HEOS Wireless Multi-Room Audio • Main room native multichannel, while distributing- same source to HEOS / ZONE incl. digital inputs • Music streaming including DSD (2.8/5.6MHz), FLAC, ALAC and WAV High Resolution • AirPlay2, Bluetooth, Internet Radio, Spotify Connect, Tidal, Deezer, Amazon Music HD • Bluetooth Headphone support • HDMI2.1: 8K/60Hz and 4K/120Hz • HDMI 8K upscaling • HDR10+, Dynamic HDR, ALLM, VRR, QFT • 6 HDMI inputs (3x 8K) / 2 outputs (parallel), eARC support • HD Graphic Userinterface with 1080p • Video information on INFO screen • Dual Speaker Presets: stores 2x calibration results (call via menu or smart select) • Front panel USB input • Phono (MM) input • Advanced ECO mode to reduce power consumption • Audyssey MultEQ XT with Audyssey Dynamic Volume and Dynamic EQ, Microphone stand • Setup Assistant and Backlit remote • RS232 and IP Control, Audyssey MultEQ App support • CINEMA 60 DAB version available	• 90W x 7ch (6 ohms, 1%, 1ch driven) • Dolby Atmos (up to 5.1.2), Dolby Atmos Height Virtualization • DTS:X, DTS Virtual:X • 8K/60Hz uncompressed • 8K enhanced, 4K/120Hz • HDMI to HDMI 8K upscaling • 6 HDMI (3x 8K) inputs / 1 output, eARC support • HDR10+, Dynamic HDR, ALLM, VRR, QFT • video information on INFO screen • Dual Speaker Presets • HD Graphic Userinterface with 1080p resoution • Multi-room / Multi-source • Audyssey MultEQ room calibration • Audyssey App support • Backlit remote

VS. PREVIOUS MODEL

• New 2x Griffin Lite DSP • 13.2ch processing • Pre-amplifier Mode • 13ch AURO 3D*, Atmos 7.1.6* • Dolby and DTS Front Wide support • 8K/60Hz uncompressed • 8K enhanced, 4K/120Hz • HDMI to HDMI 8K upscaling • HDR10+, Dynamic HDR, ALLM, VRR, QFT • Video information on INFO screen • Dual Speaker Presets: stores 2x calibration results (call via menu or smart select) • Improved rear panel printing for easier set up	• New Marantz design • Single board per channel power amplifier design • HD Graphical Userinterface with 1080p resolution • HDMI - all inputs 8K capable • Griffin Lite XP DSP • Dirac Live (by update, licence required) • Advanced Pre-Amplifier Mode • 4x independent subwoofer • Bass shaker output • Backlit remote • Made in Japan set up	• New Marantz design • HD Graphical Userinterface with 1080p resolution • HDMI - all inputs 8K capable • Griffin Lite XP DSP • Auro-3D, Auromatic • Dirac Live (by update, licence required) • Advanced Pre-Amplifier Mode • 4x independent subwoofer • Bass shaker output • Pre-amplifier Mode • Backlit remote	• New Marantz design • 3x 8K HDHI inputs • HD Graphical Userinterface with 1080p resolution • Backlit remote	• New Marantz design • 3x 8K HDHI inputs • HD Graphical Userinterface with 1080p resolution • Backlit remote

* with additional power amplifier

MAIN FEATURES

AV 10	AMP 10	AV8805A	AV7706	NR1510
STEP UP FEATURES VS. AV8805A • 15.4ch audio processing • Griffing Lite XP DSP • 17.4ch XLR pre-outs • 2ch XLR input • Pre-amplifier with 19x individual HDAM boards (one per channel) for best channel separation • Toroidal transformer & Copper plated chassis • Rigid construction • 7x HDMI inputs - all 8K / 3x outputs • Dolby Atmos (up to 9.1.6) • DTS:X up to 15ch • Auro 3D up to 13ch • Gold plated terminals • Dual layered PCB with 70um cupper tracks • QUAD layered PCB for Power Supply • Aluminum top remote with Backlit	• Marantz New ID with a level meter • 16 channel Class D amplification • 200W + 200W at 8ohms, single driven • 400W + 400W at 8ohms in BTL mode • 16 channel XLR/RCA inputs • SMPS and Toroidal power transformer • Rigid speaker terminals • Versatile legacy control options (DC control In/Out, Flasher Input, Remote In/Out, RS-232C port) • New 2-way proprietary "MM Control" terminal to connect two MM power amps with AV10 • MM status check over SRM (model name, power status, internal temperature, protection history) in combination with AV10	**STEP UP FEATURES VS. AV7706** • 13.2ch audio processing • 15.2ch XLR pre-outs • 2ch XLR input • Pre-amplifier with 15x individual HDAM boards (one per channel) for best channel separation • Toroidal transformer & Copper plated chassis • Three piece top cover construction • High performance power supply with 4x 10.000µF capacitors • Dolby Atmos (up to 9.1.4 and 7.1.6) • DTS:X up to 11ch • Auro 3D up to 13ch	• 11.2ch XLR and RCA pre-out • New 2x Griffin Lite DSP • Dolby Atmos, DTS:X, IMAX Enhanced, AURO 3D • High quality dedicated pre-amplifier board with HDAM for high resolution audio reproduction • Power supply for pre-amplifier stage with audiophile grade ELNA capacitors • Audyssey MultEQ XT32, LFC, Sub EQ HT, Audyssey Dynamic Volume and Dynamic EQ • 8K/60Hz uncompressed, 8K enhanced, 4K/120Hz • 3 HDMI outputs (2 main + zone 2 out) • HDR10+, Dynamic HDR, ALLM, VRR, QFT • Extended shielding to minimize interference • Blue illuminated porthole display and large trap door design • Hidden 2-line full-size display and front panel AVR setup • Digital to Zone 2 out including HDMI source • Gold plated terminals • Clock Jitter Reducer (Hybrid PLL) • HEOS Wireless Multi-Room • Music streaming including DSD (2.8/5.6MHz), FLAC, ALAC and WAV High Resolution • AirPlay2, Bluetooth, Internet Radio, Spotify Connect, Tidal, Deezer, Amazon Music HD • Bluetooth Headphone support • Dual Speaker Presets: stores 2x calibration results • Phono (MM) input • Setup Assistant and Advanced Graphical User Interface • RS232 and IP Control, Audyssey App support	• 85W x 5ch (6 ohms, 1%, 1ch driven) • High quality discrete power amplifier for powerful and detailed sound • Dolby TrueHD, dts-HD Master Audio • Built-in WiFi with dual antenna, built in Bluetooth • Built-in HEOS Wireless Multi-Room Audio Technology and free HEOS app • Alexa, Google, Siri voice control • Music streaming including DSD (2.8/5.6MHz), FLAC, ALAC and WAV High Resolution • AirPlay2, Bluetooth, Internet Radio, Spotify Premium and free, Tidal, Deezer, Amazon Music HD • Bluetooth Headphone support • HDMI with 4K, 4:4:4, Dolby Vision compatible, HDR, HLG and BT.2020 • 6 HDMI inputs (incl. 1x front), 1 HDMI output, eARC support • Front panel USB input • Phono (MM) input • Advanced ECO mode to reduce power consumption • Audyssey MultEQ with Audyssey Dynamic Volume and Dynamic EQ, Microphone stand • Improved Setup Assistant and Graphical User Interface (Hybrid GUI, 9-languages); Colour-coded speaker terminals • Marantz Remote App available for iPhone, iPad and Android

VS. PREVIOUS MODEL

AV 10	AMP 10	AV8805A	AV7706	NR1510
• New Marantz reference flagship • New Marantz design • HD Graphical Userinterface with 1080p resolution • HDMI - all inputs 8K capable • Griffin Lite XP DSP with up to 15.4 ch processing • Dirac Live (by update, licence required) • 4x independent subwoofer • Backlit remote		• 15.2ch XLR pre-outs • Pre-amplifier with 15x individual HDAM boards (one per channel) for best channel separation • Dolby Atmos (up to 9.1.4 and 7.1.6) • DTS:X up to 11ch • IMAX Enhanced • Auro 3D up to 13ch	• 8K/60Hz uncompressed • 8K enhanced, 4K/120Hz • HDR10+, Dynamic HDR, ALLM, VRR, QFT • Video information on INFO screen • New 2x Griffin Lite DSP • Dual Speaker Presets: stores 2x calibration results (call via menu or smart select) • Mainroom native multichannel, while distributing • Improved rear panel printing for easier set up	• eARC support • Automatic HDMI rename • Main room native multichannel, while distributing same source to HEOS / ZONE • Digital input for HEOS distribution in parallel to main room • Bluetooth Headphone support • Multiple input assign to mix audio and video from different inputs
