

ZapperBox M1 OTA ATSC 3.0 OTA NextGEN TV Set Top Box with DVR Capability

Value Electronics - Factory Direct ZapperBox Dealer

ZapperBox is a 4K over-the-air tuner & DVR that allows you to get high-resolution TV channels without a monthly subscription. Most of the programs you watch are broadcast on standard channels like ABC, NBC, FOX, CBS, The WB, and PBS. You don't need to pay hundreds of dollars a month to watch and record the shows you love.

DVR + Pause/FF/RW Live TV. The Dual Tuner allows you to record 2 channels at once. Record 2 channels while watching one of them or a previous recording

If you select the single tuner version you will still be able to record the channel you are watching or schedule a recording for any channel when you're not watching TV and have placed your ZapperBox in standby.
