

Deluxe cinema, epic moments

TV features the TriChroma laser engine to reach 110% of the BT.2020 color space. That's a color you've never seen on TV. Upgraded to support Dolby Vision, HDR10+, bringing incredibly vivid details to life. Premium features like Dolby Atmos®, High-Speed HDMI, IMAX Enhanced, Filmmaker Mode, 3D, and a perfectly paired with Hisense ALR screen (sold separately, option: 100", 110",

120", 139", 150") make the L9Q the ultimate home entertainment upgrade.

Inspired by a world of incredible color at a scale that makes everything feel brand new. The 5000 ANSI Lumen, 5000:1 contrast ultra-short throw projection

- 4K Resolution Red + G
- 110% BT.2020 Color
- Dolby Vision, HDR10+, HDR10, HLG
- IMAX Enhanced
- Pantone Validated

- Red + Green + Blue Lasers
- 80"-200" Projection Size
- 5000 ANSI Lumens Brightness
- 5000:1 contrast
- 0.18 Throw ratio

- Sound by Devialet
- 10 speakers, Max 116W sound
- Dolby Atmos, DTS X
- Google TV Smart platform
- Active 3D

3 Pure Color Lasers

TriChroma really is R.G. B-eautiful. The L9Quses pure red, green, and blue lasers to achieve new levels of color performance, reaching 10% of the BT.2020 color space - that's more color than you've ever seen on a TV.

Ultra Short Throw Technology

--Maximized Space, Magnified Screen

The ultimate ultra short throw technology allows a giant picture within small distance without sacrificing any resolution and clarity.

Google TV--Entertainment you love

No more jumping from app to app. Google TV™ brings together movies, shows, and more from all your subscriptions. Need inspiration? Get curated recommendations, use Google's powerful search to find shows across 10,000+ apps, or browse hundreds of free channels. And with personalized profiles, everyone's experience is customized for them.

Smart Home Ready

-- Simplified Smart Living

Built-in WiFi, Bluetooth, Airplay and Apple Home, Google Assistant, Works with Alexa, and Control4 compatible, the L9Q can be integrated with your smart home ecosystem to create automations to your heart's content.

4K AI Upscaler, IMAX Enhanced

--Elevate Every Pixel

Hisense's 4K Al Upscaler, IMAX Enhanced technology ensures everything from the old classics to modern streaming content receives a crystal-clear 4K makeover, turning the ordinary into extraordinary visual experiences.

Eye Protection

--Look for Better, Look for Longer

Immerse yourself in a visually rich experience without the strain. With zero harmful blue light emissions, Laser TV sets the stage for incredibly comfortable binge-watching sessions, and seamlessly integrating comfort into every viewing experience.

5000 ANSI Lumens Brightness

-- Every Corner Glitters

Dive into a world where lights dazzle and shadows deepen, as L9Q meets total HDR standards. Every subtle nuance tucked in the corners is clear, and each frame strikes a balance with perfect 5000 ANSI Lumens Brightness. Dolby Vision further elevates the incredible depth and rich details, whether it's the glint in an actor's eye or the intricate folds of a dark cloak. Experience layered visuals that are rich, detailed, and true to life.

Dolby Vision & Dolby Atmos, Pantone validated.

--Surround Your Senses

Experience Dolby Vision and Dolby Atmos in one. Indulge in an upgraded Dolby Vision with better HDR, greater color validated by Pantone, and crisper images powered by Hisense LPU Laser Engine. Use Dolby Atmos, to amp up your audio-visual experience. Without any technical fuss as it automatically optimizes your audio-visual journey.

Sound by Devialet

--Direct Sound for an Immersive Experience

Indulge in sound that pulls you into the story with L9Q 10 speakers. This speaker design ensures that every auditory detail is aimed right at you, for an enveloping, theater-like experience right in your living room.

25.000+ Entertainment Hours

--Enjoy more than 12500 films

TriChroma durable technology adopts precise light sources to ensure 25000+ hours of entertainment and the demand of watching over 12500 films (2 hours per film), making your vision full of unparalleled realism.

Energy Saving-Doing More, Using Less

Dive into the efficiency of Lasers Energy Saving technology, surpassing conventional standards by reducing electricity usage impressively by 50%. Enjoy responsibly without compromise.
